

All About Queen's School

A WELCOME GUIDE

Back to School

- **Used Uniform Sale:**
 - Before the start of each school year, Queen's hosts a used uniform sale on the stage in the gym. Most items are \$1-\$2. Boys pants in particular can be hard to find, so it helps to shop earlier in the week.
- **New Family Night:**
 - An optional opportunity for new families to visit school the week before school starts. You and your child will be able to experience lunch, drop-off and pick-up, meet other new families, and see their classroom. This is a drop-in style event with no formal presentation.
- **Welcome Back Walk Through:**
 - New and current families are invited to come see the school the Sunday before school starts. You will be able to visit classrooms, drop off school supplies, meet teachers, enjoy a treat with refreshments, and learn about different opportunities that Queen's School has to offer.
- **Parent Night:**
 - This is an opportunity to learn about school and classroom expectations. Mrs. Hartley begins the night in the gym with a general talk and then followed by classroom presentations from the teachers. This is an important night to learn about what to expect for the upcoming school year.
- **Class Lists:**
 - These lists will be posted on the school website as well as on the windows near the Wisner entrance a week prior to school starting.
- **Grade Level Supplies:**
 - You will find grade level supply lists on the school website. Please label your child's items, especially uniform sweaters/sweatshirts. It might be a good idea to have a few extra supplies on hand for later in the school year.
- **First Day of School:**
 - It is an out of uniform day. Teachers will be out on the playground extra early to help guide students. It is a half day with dismissal at 11:30.
 - Coffee is offered for parents sponsored by the PTO. This is a great way to meet new people or catch up with ones you already know. If the weather is nice, this event will be held in the parking lot. If the weather is uncooperative, then it will move into the cafeteria.

Getting to and from School

 - This is different from the morning drop-off. It is U-shaped. Follow the cones. Do not leave your car parked in the lane. Keep moving forward so cars don't block traffic on Wisner Street.
 - Playground: Your child can play on the playground after school if you are out of your car and watching them. Mrs. Hartley will bring in anyone who doesn't have a ride yet by 3:25 p.m. They will be sent to Latchkey.

- **School Closing Phone Call:**
 - A School Reach phone call will be sent out if school is cancelled. If you don't answer, it will leave a voicemail for you to check later.
- **Student Information System:**
 - Queen's School uses PowerSchool. You will have a special code for each of your children. The office will have this information for you and can help assist as you log in for the first time. PowerSchool is where you will find your child's grades for each subject and the lunch balance. You can set up notifications to come to your email or through the app to keep up to date on any changes to the grades. Teachers will usually update grades on a weekly basis. Kindergarten and first grade are only graded based on skill and effort so you may see teachers add assignments that look like they have a grade attached, but students won't get a letter grade.
- **Assignment Notebooks:**
 - Starting in 2nd grade, students will have assignment notebooks to write down daily assignments, future tests, and other notes. Be sure to check with your child each night so they complete the assignments. In grades 3 and 4, parents are required to sign the notebook nightly.

Communication Continued

- **Parent/Teacher Conferences:**
 - In the fall, you will have the opportunity to meet with your child's teachers to go over the report card and other important information about your child. Being partners to help your child succeed academically, morally, and spiritually is very important.
 - If you would like to set up another meeting with your child's teacher outside of fall conferences, please email them to set up a time.
- **Lost and Found:**
 - If your child loses something, it might be in the lost and found. This is located right outside of the office. Be sure to put their name on all items so it is easy to return.
- **Office Check-In/Check Out Procedures:**
 - If you are bringing your child to school late, you must sign them in on the clipboard in the office. They will be marked tardy until 10:00 a.m. and a ½ day absent after that.
 - If you need to pick up your child early from school, please sign them out in the office. It is helpful to send an email or note to the teacher so they can help make sure your child is ready on time.
- **Illnesses/Absences:**
 - If your child is staying home due to an illness or another reason, you must call and let the office know. It would also help to let the teacher know that your child will be absent.
 - See the Student-Parent Handbook for more details.
- **Make-Up Work:**
 - Please contact the teacher or the office if you would like make-up work from when your child is absent. Give the teacher enough notice to gather assignments.
 - It is the parent's responsibility to assist the child in completing the missed work.
 - If you are leaving for an extended period of time, it is up to the teacher if work can be provided in advance. Please contact your child's teacher to discuss a plan.
- **Birthday Treats:**
 - As a school, we prefer to have treats that are easy to pass out and clean up. Healthy treats are a bonus!
 - Summer birthdays will be at the discretion of the teacher.
 - Every month, birthdays will be celebrated as a school and your child will get to enjoy a treat at lunchtime and can be out of uniform that day as well.

Differentiated Instruction

- **Reading Room:**
 - Students are identified for needing extra support through beginning of the year assessments. Students attend the reading room 4 days a week for 30 minutes working in a small group setting on focused literacy instruction.
- **Math Room:**
 - Our math specialist works with teachers to determine who needs extra support. She helps students in small groups and one on one.
- **Aides:**
 - Kindergarten will have a full time aide to help teachers with small groups and other tasks.
 - There will be other adult aides to help out teachers in grades 1-6.
- **ISD:**
 - The ISD helps Queen's School determine eligibility for services through a SST (Student Study Team)
 - The Jackson ISD provides services for students who qualify with a Non-Public Service Plan. These include speech, occupational therapy, physical therapy, social worker, and a teacher consultant.
- **Accelerated Math:**
 - Students in grades 3 through 6 have the opportunity to be challenged in an accelerated paced math class. Students are placed after being given an assessment and by recommendation from previous teacher.
- **NWEA MAP testing (Grades 2-6)**
 - Students in grades 2 through 6 will take the NWEA MAP test three times a year in the subjects of math and reading. This test measures growth across the school year and across grade levels. Teachers use the data to help with instruction. Encourage your child to take their time, read carefully, and do their very best. A healthy breakfast and good night's sleep is also recommended. You will get the results from your child's MAP test in the report card envelopes twice a year.

Differentiated Instruction Continued

 - Computers
- **Tutoring:**
 - Many teachers offer tutoring after school and during the summer for both math and reading for a small fee. Contact Mrs. Hartley or your classroom teacher to find out who is offering tutoring.

Discipline

- **Mark-offs:**
 - Everyone makes mistakes. Mark-offs are a type of consequence for either poor behavior or lack of responsibility. In grades 2-5, 10 mark-offs within a month will earn a detention. In 6th grade, 8 mark-offs will earn a detention. If your child gets a mark-off in a specials class, it will count as 2 mark-offs.
- **Detentions:**
 - Detentions often occur during lunchtime or after school for 30 minutes. If your child has a detention, you will get a slip to sign and return to school.
- **Incompletes:**
 - In 5th and 6th grade, if your child doesn't complete or turn in an assignment they will get an incomplete assignment form. A parent needs to sign the form and the assignment needs to be turned in the next day. If it doesn't get signed or the assignment doesn't get turned in, it will result in another incomplete. Three incompletes will equal a detention. Each month is a fresh start.
- **Quarterly Rewards:**
 - If your child does not get a detention, they will be given a special reward. Each quarter is a fresh start. Some rewards in the past have included game time, movies, a special treat, and even extra recess.

Grades

- **Weekly Packs:**

- Every Friday, your child will bring home a weekly paper pack. These will be papers that your child has completed and the teacher has corrected. You are expected to work with your child to correct any mistakes they have made using red pen/pencil. The purpose of this is to help your child learn from their mistakes and for you to see how your child is doing.
- Once you and your child make corrections, you will sign the front of the pack and return it to school on Monday.

- **Codes:**

- Some things that your child completes in class will be graded based on mastering their grade's learning goals or standards. This allows you to see how your child is growing in that grade level. It also helps the teacher determine who needs extra help and who needs to be challenged. These codes do contribute to your child's final grade.
 - On PowerSchool, some assignments will be labeled as the following:
 - Exceeds- Student demonstrates understanding and performance beyond proficiency and has exceeded the standard.
 - Meeting- Student demonstrates proficiency on all grade level skills of the standard.
 - Approaching- Student demonstrates proficiency in some skills of the standard.
 - Developing- Student demonstrates proficiency in 1-2 skills of the standard and needs significant help to gain understanding.
